Dear Mr Allin.

18th February 2013.

On behalf of Cancer Care Javea we would like to thank you and your members for supporting our Charity in 2012. All our volunteers were overwhelmed with the response your people showed by raising the amazing sum of 5174.24 Euros as well as making donations of items to the shop for sale. We know it takes a great deal of effort to raise money especially in the economic climate, so every donation made is very welcome. This money will be added to our total for our "Ecmor" foundation, which details of which, has been explained by Mr Terry Saville at one or two of your meetings.

We are still strongly forging ahead with this project despite the minor setback in July. However the new "CEU University" plus the "Alicante University" appear to be very enthused by the unique project we are trying to organize. This will be a first in Spain combining the expats from different countries and the Spanish people. Obviously there is a lot of red tape and officialdom that one has to overcome hence the length of time it has taken to set up.

Once again thank you so much for your generous donation and we hope 2013 goes well for your next fund raising charity.

Yours sincerely

Eileen Saville.
