Open Letter to Presidents of U3as

24th July 2012

Dear President

HELP of Denia and Marina Alta: Respite Care

I write to advise you of the new initiative/projective recently introduced by HELP.

This is a key innovation of the charity and is aimed at assisting the needs of the dedicated carer looking after partner, spouse, parent, etc. The Home, Bon Retir in Javea, has excellent facilities and the room is complete with English TV and has been permanently reserved by HELP.

The person being cared for will be able to be looked after, enabling the carer to plan their time however they wish.

We would expect that the room would be reserved for 2-3 weeks and a contribution of €100.00 per week would be expected: however in case of financial difficulty the cost may be subject to assessment by President Judith Goodall.

We do hope that de this news can be cascaded to your members, and subject to its service it is hoped that this respite care service can be expanded throughout the Marina Alta.

Anyone requiring more information about this service, I suggest should get in touch with the HELP Centre, La Xara, or myself – all details above.

David Platt
Secretary HELP
